Do you give your consent for use of event photos/video including your child?	<input type="checkbox"/> Yes <input type="checkbox"/> No	Photos/video of the event are a really good way for us to tell other people about the fun we had. We don't use children's names in photos

I confirm that the above details are complete and correct to the best of my knowledge.

In the unlikely event of illness or accident I give permission for any necessary medical treatment to be given. In an emergency if I cannot be contacted I am willing for my child to receive hospital treatment, including anaesthetic if necessary. I understand that every effort will be made to contact me as soon as possible.

*NB The medical profession takes the view that a parent's consent to medical treatment cannot be delegated. Medical consent forms have no legal status and a doctor has the right to insist on parental consent before treating a child. We have found, however, that medical staff find this type of general consent helpful.*
